

Crieff Angling Club - Rules and Guidance for Anglers

River Earn 2019

This leaflet has been produced to bring together in one place, for easy reference, all the rules and guidance that apply when fishing Crieff Angling Club waters on the River Earn. We hope that Club members and visitors will find it useful. It includes a number of **conservation-based recommendations** made by the Tay District Salmon Fisheries Board (TDSFB). These are not mandatory but the Club supports conservation & strongly encourages anglers to follow them.

The leaflet can be downloaded from the Club website at www.crieffanglingclub.org.uk, which provides news and a range of useful information for members and visiting anglers, including prices, maps, rules and guidance for fishing other Crieff Angling Club waters.

Please follow the rules and enjoy your fishing!
